We, the undersigned, Auditors of the Town of Newmarket, have examined the foregoing account and found it correctly cast, with corresponding vouchers.

ANDREW J. WATERSON, CHARLES E. TASKER, Auditors.
ANNIVERSARY REPORT.

OF THE

Chief and Clerk of Fire Department.

To the Town of Newmarket:

In compliance with the law, requiring the Chief Engineer of the Fire Department to make an annual report to the town, the following report is respectfully submitted.

FORCE OF THE DEPARTMENT.

The regular force of the department consists of a chief and three assistant chief engineers, two hose companies of 16 men each, one hook and ladder company of eleven men, and a driver for hose wagon, No. 3. Each company is allowed to have five substitute members, who, when acting as such, are paid for their services by their principals.

FIRE APPARATUS.

One hose wagon; one double runner hose pung; two two-wheel hose carts; one hook and ladder truck; 2450 feet 2½-inch rubber-lined, knit hose; 1000 feet 2-inch Paragon rubber-lined hose; 2 two-to-one Siamese connections; 1
one-to-two Siamese connection; four Callahan shut-off nozzles; 9 flexible and 4 solid play pipes; 1 chemical extinguisher; 2 single hydrant gates; 32 spanners; 7 hydrant wrenches; 8 lanterns; 2 torches; 2 crowbars; 6 shovels; 5 hoes; 2 fire axes; 3 coats: 18 fire hats.

The Gleason & Bailey steel frame truck carries 1 45-foot East Somerville extension ladder; 1 26-foot, 1 25-foot, 1 24-foot and 1 18-foot single ladders; 1 pull-down hook and chain; 4 hand hooks; 2 crotch poles; 2 fire axes; 2 crowbars; two sledges; 200 feet of rope; 4 lanterns; 1 signal lamp; 2 torches; 1 13-inch gong. There are also held in reserve 2 30-foot, 1 25-foot and 3 roof ladders.

The apparatus is generally in good condition, but the 1,000 feet of Paragon hose is 11 years old, while 2,000 feet of the rubber-lined knit hose is in its ninth year of service, when it was only warranted for four years.

WATER SUPPLY.

The water supply is from 52 hydrants, which are now owned by the town. The water pressure is good and the hydrant system is all right so far as it goes, but additional hydrants should be at once put in as follows: Two hydrants on Main street, between the end of the present system and residence of Frank Durell, one at Rockingham Junction, and one opposite the residence of Charles Leavitt on the Junction road. The hydrant opposite the Congregational church, also the one near the town hall, should be taken up and in their places should be installed hydrants with three openings instead of two as at present. The change would be of great benefit in case of a big fire in the business section of Main street, as it would give six streams where now there are only four hydrant openings. The hydrants taken out would be all right to put in the Rockingham Junction section, a change which would cost very little but would give some fire protection where now there is none.
FIRE ALARM SYSTEM.

One 2000 lb. bell, mounted on steel tower; 2 18 inch fire alarm gongs; 3 6-inch gongs; 12 fire alarm boxes, and a little over seven miles of wire. The system is in first-class condition and enjoys the distinction of in nearly six years of service never having failed to work when needed for a fire alarm, which is something that cannot be said of any other electric fire alarm system in this section.

REPAIRS AND IMPROVEMENTS.

Station One has been painted and the Newmarket Manufacturing Co. have painted the exterior of Station Two. The fire alarm bell tower has been given a coat of white lead. Two "Boston" shut-off nozzles have been purchased, also one dozen "Taber" spanners. The fire hose, for which $150 was appropriated at the last annual town meeting, has been purchased and the department is now well supplied with hose. The two new play pipes purchased during the past year makes the pipe equipment very good. A 6-inch gong has been put in residence of the superintendent of waterworks, E. F. Harvey.

IN GENERAL.

Big fires in Newmarket seem to have become a thing of the past, for since the hydrant service, new fire equipment and electric fire alarm system were put in, although there have been 89 fire alarms in town, the fire loss has been very small. While the fire duty performed by the department during the past year has been much less than in some other years, there having been but 10 alarms, their promptness in answering to those alarms has saved much valuable property from destruction. No effort has been spared by the Board of Engineers in keeping the department up to a high standard of efficiency. There is loaded and ready for immediate use at Station One, Hose One, with 500 feet of hose.
and three play pipes; Hose wagon Three, 600 feet of hose two play pipes and chemical extinguisher, hose pung, 600 feet of hose and two play pipes. At Station Two there is loaded on Hose Two, 500 feet of hose and 3 play pipes, with one play pipe and several hundred feet of hose in reserve.

The hook and ladder truck at Station One is loaded with a full equipment of everything needed by the hook and ladder company.

The hydrant system is one of the best in this state. The fire alarm system never fails to work when needed for a fire alarm. The fire companies are well officered and I have full confidence in the ability of the department to successfully handle any fire which may occur in this town.

Very Respectfully,

WILLIAM H. SMALL.

Chief Engineer.
FIRE LOSSES AND INSURANCE.

Total number of fire alarms during the past year, 10; number of false alarms, 1; number of still alarms, 1. The total amount of loss was $1,020.87. Amount of insurance paid on account of property damaged or destroyed by fire, $797.37.

FIRE RECORD.

Statement of details of fires and alarms, losses, and insurance, as reported to the Clerk of the Board of Engineers by property owners and insurance agents.

March 23, 1902. Box 12 was pulled at 12:45 a.m. On arrival of the department the box was found open, but deserted, with no fire to be found. It was very evident that the box was pulled by some malicious person unknown to members of the department.

April 15. At 9:07 p.m. box 65 came in for a fire in the attic of a house owned by William Chapman and occupied by Jacob Sharples. It was thought, on arrival, that the fire was all out, but on investigation it was found that a large quantity of clothing and bedding was still smouldering, and on being moved blazed out in flames of fire. They were thrown out of the window, water put on and the fire extinguished. Building damaged very slightly. Property value, $1200.00; insurance paid, $11.00.

July 2. Box 12 came in at 12:50 p.m. for what proved to be a slight fire in the top of the blacksmith shop owned by Al Varney and occupied by John Cloutier. The department made a quick hitch and in one minute's time had hose from No. 1 reel and the fire was soon out. All-out was sounded at 1:15 and return made for quarters. Damage estimated at $4.00. Value of building, $50.00. No insurance.
July 5. Still alarm. A chimney fire was discovered at 10.30 P.M. in the house owned by Alec Roberge. Ladders were procured at the station and the extinguisher used several times. Men were detailed to watch the fire, but no damage was done and the men retired.

September 11. Box 49 came in at 3.12 A.M. for fire in a barn situated on the old Hodgdon place, owned by George O. Wood. There was some half-hour delay before the alarm was sent in. The men responded promptly; but the fire being beyond the hydrant limit, but little could be done beyond saving the house. The barn was a total loss. Insurance on building and contents, none. Loss on building, $75.00; loss on contents, $115.00. No insurance.

September 18. Box 41 came in for a chimney fire in the house owned and occupied by Stephen Wallace. The extinguisher was used and made short work of remaining fire. The all-out was sounded at 12.55 and the department returned to quarters.

September 29. At 6.25 P.M. box 21 came in and the department was soon on hand, but was not needed. The cause was the upsetting of a lantern in the stable in the rear of store occupied by N. Brisson and owned by the F. W. Baptist church and C. A. Tuttle. All-out sounded at 6.32. No damage.

January 28, 1903. At 4.13 A.M. box 21 came in for a fire in the Newmarket Manufacturing Co.'s boarding house over Ham's market, occupied by James Iverson. The fire caught from the chimney in the kitchen. The wood work was built on to the chimney, with an air space each side, up which the fire ran, under the floors and stairways, to the roof. The firemen had to work in a dense smoke, and had to make an opening in each floor to locate the fire. They made a good fight until the fire was out. The all-out was sent in at 5.15. Value of building, $7,500.00; Damage to
same, $786.37. Insurance on same, $7,500.00; insurance paid, $786.37. Damage to contents, $25.00; insurance on same, none.

February 4. Box 12 came in at 6.13 a.m. for a fire in a freight car of the B. & M. railroad, caused by a leaky barrel of gasolene. The freight agent, on opening the car in the morning, placed his lantern in the door and was about to enter the car when the lantern set fire to the gasolene and the car was quickly in flames. The firemen responded promptly and did remarkably good work in smothering the dangerous fluid before it had burned through the barrel. J. H. Griffin's loss on gasolene, $4.50.

February 14. At 6.30 a.m. a chimney fire was located in a house owned by Alec Roberge and occupied by Charles Roberge. Assistant Engineer Behan, with the assistance of a number of the ladder company, procured the chemical extinguisher from station one and were on duty until the danger was past. The fire was soon under control, with no damage to the property.

FIRE ALARM TELEGRAPH AND FIRE DEPARTMENT SIGNALS.

LOCATION OF BOXES.

No. 5. Corner Chapel and Spring streets.
No. 7. Granite Hose, Station 2, N. F. D.
No. 12. Tiger Hose, Station 1, N. F. D.
No. 21. Town Hall.
No. 32. Corner Exeter and Mt. Pleasant streets.
No. 34. Exeter street, near residence of F. H. Durgin.
No. 41. Pumping station, Newmarket water works.
No. 45. Corner Main street and Treadwell avenue.
No. 49. Main street, near residence of H. W. Haines.
No. 63. North Square, North Side.
No. 65. Main street, North Side, near residence of Walter I. Ham.
No. 82. Newmarket Manufacturing Co.
DIRECTIONS FOR RINGING IN AN ALARM.

When a fire breaks out the person discovering it should immediately run to the box nearest the fire, break the glass in the front of the small key box which is on the side of the fire alarm box, take out the key, which is attached to a chain, unlock the fire alarm box, open the door and pull down the hook as far as it will go, then let go the hook. Stand by box to direct the firemen. Don’t pull in an alarm for a fire seen at a distance or out of reach of the hydrant system, but notify some member of the department, who will give the proper alarm.

FIRE DEPARTMENT SIGNALS.

Second alarm, 8 blows, for reserve apparatus and call firemen.
2 blows after fire alarm indicates fire all out.
2-2-2. Out of town fire; companies assemble at stations and await orders.
3-3. Hose 3 call. For chimney fires, etc.
3-3-3. Engineers’ call; companies report, with apparatus, in front of town hall and await orders.
4-4-4. Call to Newmarket Manufacturing Co.’s hose company for assistance.

U. S. Observatory standard time, by Western Union Telegraph, one blow at 12.30 P. M., daily.

Hook and Ladder Co. and Hose 3 will answer all box calls.

Hose 1 will answer boxes 12, 21, 32, 34, 45 and 49, with apparatus.

Hose 2 will answer boxes 5, 7, 21, 63, 65 and 82, with apparatus.

ORGANIZATION OF FIRE DEPARTMENT.

BOARD OF ENGINEERS.

John F. Behan. Alvah H. Place.

The changes brought about by death, removal from town and resignation of former members of the Board of Trustees of the public library, made the appointment of a new board necessary, and A. E. Stevens, A. H. Place, F. F. Tuttle, I. T. George and A. L. Churchill were appointed October 2, 1902, to fill the vacancies. The new board organized with F. E. Tuttle, President; A. L. Churchill, Secretary and Treasurer; and I. T. George, Librarian. Upon investigation it was decided by the trustees that a more systematic way of recording the loan and return of books was desirable, that re-binding a large number of books, for which there is a popular demand, was necessary, and that a more practical way of listing the different books in the catalogue was needed. The number of supplements had, in a considerable measure, taken the place of old catalogues and suggested the issuance of new catalogues with blank leaves added for listing new books as they are purchased. The sale of these new catalogues, we expect, will reduce their cost to a small amount. They are nearly ready for distribution. Owing to the prevalence of smallpox the library has been closed to the public during the past few weeks, but will be opened as soon as it is prudent. We invite the cooperation of patrons of the library in selecting new books.

A. L. CHURCHILL,
Secretary.
TREASURER'S REPORT.

A. L. Churchill, Treasurer, in acct. with Town Library.

Dr.

1902.

17½ days, at $1.00, 17 50
Feb. 15. Cash on hand, 65 50

$100 00
School Treasurer's Report.

As the financial year of the school district does not close until the last of March, it is impossible to give a complete Treasurer's report, as a number of bills yet remain unpaid. But for the information of those interested, and that our schools may receive sufficient financial support, by appropriations at the annual town meeting, a brief statement is made by the Treasurer, showing the receipts and expenditures up to March 1st. The balance now in the hands of the Treasurer will be needed to pay the teachers, janitor and other bills due at the end of the present spring term.

The regular school report, to be issued at the end of the school year, in August, will contain a full itemized financial statement.

FRANK H. PINKHAM, Treasurer.
REPORT OF TREASURER.

Dr. Frank H. Pinkham, Treasurer,

Balance, March 20, 1902, $52.64
Town Treasurer, school money required by law, $3,192.00
School money, in addition to that required by law, 2,850.00
Appropriated by district, 2,000.00

8,042.00

Literary fund, 274.00
Dog licenses, less damage, 128.80
Special fund from State, 1,092.53
Tuition, 320.00
Wood sold, 6.00
Supplies sold, 41

$9,916.38
REPORT OF TREASURER.

in account with Newmarket School District.
